

The Full Works

with Guy Combes (featuring Andrew Denman)

28th November - 1st December 10.30 - 4.30

Guy Combes returns to Sculpture by the Lakes to teach a four day workshop, which will include a comprehensive look at his techniques, and all stages of painting from beginning to end.

Participants will start by working on the same set pieces to establish technique, then during the final two days, Guy will be joined by fellow artist and partner, Andrew Denman, and together they will outline the essentials of composition, colour and working with reference. Participants are encouraged to bring in any previous work they have done for helpful advice on how to move forward. Combes and Denman have years of experience of teaching, working with galleries, marketing and putting together shows, and will talk about this in detail. They will also share how they take inspiration during their extensive travels, and how they use their work to generate interest and funding for conservation.

A full list of required materials will be provided for registered participants, and reference will be provided for the set pieces.

Workshop Dates: November 28th - December 1st

the workshop will be held in The Retreat and costs £340 for four days
